No more delays while staff enters the hand written list into the computer, then having to sort through hundreds of pictures to find the picture that matches the item!

The screenshot shows a web application interface for managing a list of items. The header includes the PROMATIC logo and the user email 'mike@listercloud.com'. Below the header, there is a search bar and an 'Excel Report' button. The main content is a table with the following columns: Reference, Quantity, Description, Model, Location, Price, Status, and # of Images. Each row represents an item with its respective details. There are also small icons for editing and deleting items.
